'TOMORROW'

Live your life
Like tomorrow never comes,
Take a start
Like there's fire beneath your bumps...

Don't fear the future
Coz the future is yours,
The one who believes in himself
Is the one who conquers...

The time is just 24 hours a day
So make your every second count,
Coz you're not special
To get an extra discount...

Chase your dreams
And make them come true,
If your path is blocked by a mountain
Dig a tunnel and walk in through...

If life fails you
And the results are not as per you wish,
Just place your hand on your heart and say
It couldn't be any better than this....

Coz life has given you another chance
To prove yourself better,
Grab it and make it worthwhile this time
So that you won't regret again later...

Every new day comes with a ray of hope
You may never know what may happen tomorrow,
Prepare for the upcoming day
Instead of engulfing yourself in today's sorrow.
